Tool List for the Elevated Burl Vessel woodturning project

These are the tools that I used to make the Elevated Bowl in the Demonstration:

1/16" Parting Tool
Tool for making chucking tenons
3/8" 40/40 Bowl Gouge
1/2" 40/40 Bowl Gouge
3/4" Arc Negative Rake Scraper
Figure 8 Caliper (for wall thickness)
3/8" Finial Gouge
1/4" Pyramid Tool
1/2" 50/50 Negative Rake Scraper
1/2" Recess Finishing Scraper
Depth Gauge

Please note: It is not necessary to have all of these tools to make this project! These are what I used, but it is possible to make this project without owning all of these tools.

Most of these tools (and more) are available on my website, cindydrozda.com. The rest of them can be found at other woodturning tool suppliers.
