## Tool List for the Natural Edge Burl Bowl woodturning project

These are the tools that I used to make the Bowl in the Demonstration:

1/16" Parting Tool  
3/8" Bedan with angle for chucking tenon  
3/8" 40/40 Bowl Gouge  
1/2" 40/40 Bowl Gouge  
3/4" Arc Negative Rake Scraper  
Figure 8 Caliper (for wall thickness)  
3/8" Finial Gouge  
1/4" Pyramid Tool  
1/2" 50/50 Negative Rake Scraper  
Depth Gauge

Please note: It is not necessary to have all of these tools to make this project! These are what I used, but it is possible to make this project without owning all of these tools.

Most of these tools (and more) are available on my website, [cindydrozda.com](http://cindydrozda.com). The rest of them can be found at other woodturning tool suppliers.
