Tool List for Metal Machining for Woodworkers

You can never have enough tools. That goes for metalworking as much as for woodworking.

Here is a list of the minimum tools required to do the projects in my Demonstration:

Metalworking tools:

Prick punch (reground center punch)
Carbide scribe
Tap drill, body drill, and tap for the thread that you want to cut.
5/64", 2mm drill for pilot holes
Center drill
Cutting lubricant (Oil, wax, etc)
Bandsaw blade with 6tpi or more
Deburring wheel
Hacksaw
Files
Dial Calipers
6" scale
Layout ink
Set screws (I used 5/16" x 18tpi)
Thumb Screw (I used 8-32)

Woodworking tools:

Small Hammer
Combination Square (or ruler)
Drill Press
Band Saw
Grinder
Clamps – Hand screw (or drill press vise), clamps to hold work to drill press table
Vise
Woodturning tools
